

PELHAM

PELHAM LABS.

SECTOR: MANUFACTURING.

SIZE: 6,000 SQ FT.

TIMELINE: 8 WEEKS.

SPECTRUM.

PELHAM LABS. WATERLOOVILLE.

Pelham Labs are a manufacturer of cosmetics who work with brands and social media influencers to create their own range of products.

Pelham Labs were looking for a company they could partner with for their new lab and office interiors project. The design of the whole space had to look professional and inline with their brand identity. This was because they regularly have high-profile clients visiting their facility.

Spectrum's scope of work included:

- Client-facing lab and R&D workspace
- Enhanced work environment for employees
- Modern office spaces with open-plan areas
- Stylish breakout space with a kitchen area
- Informal meeting spaces for collaboration
- Supply and installation of new office furniture
